TEXAS HOLD'EM

Texas Hold'em Bonus Poker is the newest and hottest game that casinos are offering. If you like poker, you will love Texas Hold'em Bonus Poker. It's like the original Texas Hold'em but with a little added kick. You can make a Bonus wager that pays out no matter who wins the hand (Player or Dealer).

OVERVIEW

Texas Hold'em Bonus Poker is a community card poker game played with one standard 52-card deck. Each Player is dealt a two-card hand (hole cards) that can be used along with three or four of the community cards to create a five-card poker hand. If the best possible poker hand proves to be the five community cards, the Players and/or the Dealer may elect not to use their two-card and "play the board" by using all five community cards instead.

THE OBJECT

The object of the game, for Player and Dealer alike, is to make the best five-card poker hand using any combination from their two-card hand and the five community cards (board cards). There is no Player-to-Player competition; Players compare their hands to the Dealer's.

Texas Hold 'Em Bonus Poker is different from the traditional Texas Hold 'em played in poker rooms. This game is played "heads-up" meaning each Player plays against the Dealer, and the best poker hand wins. For this reason, all wagers (Ante, Bonus, Flop, Turn and River) are made before the Player views the cards, each step of the way.

ANY TWO CARDS CAN WIN

There is also an optional side bet "Bonus Jackpot" wager where Players compare their two-card hand to posted pay table. Players need not win in the base game to be paid

on the bonus wager, provided the side bet wager was placed prior to any cards being dealt and the Player's two-card hand matched one of the payouts hands.

BONUS PAY TABLE

Player's Two-Card Hand	Pays X to 1	Hit Frequency (1 in X)
Ace-Ace	30 to 1	221.18
Ace-King (suited)	25 to 1	331.50
A-Q or A-J (suited)	20 to 1	165.75
Ace-King (un-suited)	15 to 1	110.50
K-K or Q-Q or J-J	10 to 1	73.67
A-Q or A-J (un-suited)	5 to 1	55.25

When a player wins, the Player retains his/her ante and is paid even money on the total of the Flop, Turn and River wagers.

When a Player's winning hand is a "Flush" or greater, they are paid an additional amount equal to his/her ante.

All poker-ranked hands of equal value between Player and Dealer will be considered a "Tie" or "Push."

Bonus Jackpot Wagers are paid no matter who wins the hand (Player or Dealer).
